PROFESSIONAL SUMMARY

I'm a passionate Full Stack Engineer and Technical Lead with over 3 years of experience building and scaling modern web applications. I've led cross-functional teams, designed system architectures, and delivered high-quality solutions using technologies like Next.js, React.js, TypeScript, Node.js, and Express.js. My work focuses on creating fast, reliable, and user friendly products while keeping performance, security, and scalability in mind. I enjoy solving complex problems, integrating tools like Stripe, MSD, and ZOHO to enhance user experience, and working in agile environments where collaboration and innovation thrive.

WORK EXPERIENCE

LEOS International, Full Stack Developer

09/2025 – Present

Islamabad-Pakistan

- Contributed to the development of **velive.co.uk** 🔗 . enhancing performance and user experience through optimized React and Next.js components.
- Contributed in the **LEOS Official Mobile App** Backend.
- Built and maintained the **Leos Development Dashboard**, an internal platform designed for C panel personnel to manage and monitor company operations efficiently.
- Implemented RESTful APIs and database integrations to streamline data flow between client and admin systems.
- Collaborated with cross-functional teams to ensure seamless deployment, security, and scalability of both frontend and backend systems.

31Green, Frontend Developer

03/2024 – 09/2025

Islamabad-Pakistan

- Led end-to-end development of scalable web applications, overseeing frontend architecture.
- Developing and maintaining responsive web interfaces using React.js, JavaScript, HTML5, and CSS3.
- Collaborating with design and backend teams to implement user-friendly, functional UIs.
- Contributing to dashboard enhancements, data display logic, and embedding external apps with SSO integration. Integrated Power BI dashboards into web apps, enabling data-driven decision-making through real-time business insights.
- Customized Power BI reports based on user roles, ensuring secure and personalized data access.
